MYTH VS FACT

MYTH

Bleach cleans everything.

FACT

Bleach disinfects, but it doesn't lift grease or grime. Clean first, then disinfect.

SAVE THIS

Move out cleaning checklist

- [ ] Inside the oven and hob
- [ ] Inside the fridge and freezer
- [ ] Inside every cupboard and drawer
- [ ] Skirting boards and door frames
- [ ] Windows, sills and tracks
- [ ] Limescale on taps and shower
- [ ] Floors, edges and under furniture

[BUSINESS NAME]

You don't need a perfect home. You need a free evening.

BOOKING IS EASY

How to book in 3 steps

1. Message us your area and home size

2. Get your free quote and pick a date

3. Come home to a fresh, clean home

CLEANING TIP

Always clean top to bottom

Dust falls. Start with shelves and surfaces, finish with the floor, so you only clean each spot once.

YOU ASKED

Q Do I need to be home during the clean?

Not at all. Many clients leave a key or a code. We lock up and send you a message when we're done.

MYTH VS FACT

MYTH

A deep clean is just a longer regular clean.

FACT

A deep clean reaches the places a regular clean skips, like inside appliances, skirting boards, grout and behind furniture.
